Bee and Butterfly: A Tale of Two Cousins **Lucy Foster Madison**

The wonderful evolution of a caterpillar, or grub, into a beautifully winged creature must inspire admiration in everyone. More marvelous still is the growth of the human soul which in many respects resembles the development of the butterfly. It is this thought which has induced the author to attempt to depict the transformation of a careless maiden into noble womanhood. - Summary by Lucy Foster Madison

Read by Carol Sutton. 28 Tracks. Total Duration: 06:11:16
